

Building Smart

Building Smart: 2018 BC Building Code Changes

Learn about changes in Part 9 of the *BC Building Code* that will come into force December 10, 2018. The changes to Part 9 will include new provisions for stairs, guards, sound transmission and seismic requirements, accessibility, energy and water efficiency standards, and other design elements.

Sessions will explore a variety of approaches to comply for each of the coming changes. The focus will be on the requirements that apply to single family and low-rise residential buildings.

This series was developed in collaboration with the Building and Safety Standards Branch, CHBA-BC, BOABC, EGBC, ASTTBC, AIBC, and new home warranty providers.
